

Dualguard Super

Brushing and Wiping

Features

Hardworking mat that provides the ultimate solution against dirt and moisture, the combination of fibers creates a scraper action, encourages people to wipe their feet over the mat, which increases the functionality of the product.

- Dual scraping and wiping functions.
- Made with mono-filament and high twist nylon fibres laid in stripe pattern.
- High quality and very effective.
- Fully launderable and suitable for industrial applications where heavy soiling will occur.
- Gripper backing, not likely to roll up or slide on flat surface.
